12. What can be done to improve the overall experience (lecture and lab) of COMM 216?

Text Response

It was frustrating when we didn't learn everything that was on the Traat/Irat in the lecture. Then when the lab rolled around, it made the quiz much more difficult.
More time to share individual experiences.

13. Do you have any additional comments about your overall experience (lecture and lab) of COMM 216?

Text Response
I did not like the textbook. It was expensive, difficult to use, and because of how exclusive and ever-changing it is I won't have an opportunity to sell it to Amazon or another student.
Very good lecture very inspiring.
